

Bats (Oh Baby) - From the album "Get Outdoors"

[Intro]

[A] (Lick) [D/F#] [F] → [G] (x2)

[V1]

[A]

Bats (Oh Baby)

Mammals that fly

[D/F#] [F] [G]

Wings are things that take us up in the sky

[A]

Bats (Oh Baby)

Fly through the night

[D/F#] [F] [G]

Nocturnal means that we sleep in the daylight

Bats (Oh Baby)

Mammalian Fur

Every mammal takes a little milk from its mother

Bats (Oh Baby)

See with their ears

Echolocation's how a microbat steers

[G]

We can steer with our ears!

[Chorus]

[C]

They wake up in the twilight

[F] [G]

We eat breakfast at midnight

[C]

Every meal is in-flight

[F] [G]

We have terrible eyesight

[C]

You might think they are scary

[F] [G]

But we're helpful and hairy

[E]

And that's that

An ecosystem loves a bat

[A] (Lick) [D/F#] [F] → [G] (x2)

[V2]

[A]

Bats (Oh Baby)

Hangin' in caves

[D/F#] [F] [G]

Very, very hairy but a bat never shaves

[A]

So many species

Oh that's a fact

[D/F#] [F] [G]

1,105 to be exact

[A] (Lick) [D/F#] [F] → [G]

Bats (Murcielago)

En espanol

The bumblebee bat es lo mas pequeno

[A] (Lick) [D/F#] [F] → [G]

Bats (Oh Baby)

Won't fly in your hair

We're excellent pilots

That myth is unfair

[G]

We won't fly in your hair!

[Chorus]

[C]

They wake up in the twilight

[F] [G]

We eat breakfast at midnight

[C]

Every meal is in-flight

[F] [G]

We have terrible eyesight

[C]

You might think they are scary

[F] [G]

But we're helpful and hairy

[E]

And that's that

An ecosystem loves a bat

[E]

*Bzzzzzzz. Oh, I don't like you mosquito. Swat!
Hey, don't you know that mosquitoes are a bat's
breakfast?*

[G] → [F] → [Bb] → [F] → [C]

[Bridge]

[Bb] [F] [C] [F]
Mosquitoes, everybody knows

[C] [F] [C] [F] [C]
Are kinda gross when they buzz so close

[Bb] [F] [C] [F]
Microbats feel differently

[C] [F][C][F][C]
A mosquito is a microbat delicacy
Several thousand mosquitoes a night
Give a microbat power for the next night's flight
So when a mosquito gets on your nerves
Remember they make excellent bat h'orderves

[Bb]

No mosquitoes, no bats

[F]

Oh, how we'd miss them

[C] [F]
Everything's connected in an ecosystem

[Bb]
Mosquitoes? Annoying!

[F]

But don't dismiss them

[C] [F]
Everything's important in an ecosystem

[Bb] [F]
A system consisting of life coexisting

[C] [F]
That's the definition of an ecosystem

[G] → [F] → [E]

[Solo]

[A] (Lick) [D/F#] [F] → [G] (x2)

[V3]

[A]

Bats (Oh Baby)

Now you should know

[D/F#] [F] [G]

We're part of a system and part of your home

[A] (Lick) [D/F#] [F] → [G]

Bats (Oh Baby)

Glad you're alive

Healthy ecosystems will help them survive
Stayin' alive, stayin' alive bats, bats, bats

[Chorus]

[C]

They wake up in the twilight

[F] [G]

We eat breakfast at midnight

[C]

Every meal is in-flight

[F] [G]

We have terrible eyesight

[C]

You might think they are scary

[F] [G]

But we're helpful and hairy

[E]

And that's that [A]

An ecosystem loves a bat
