[Intro]

[G] [D] [C] [D] [G] [C] [G] [G] [D] [C] [D] [G]

[V1]

[G] [D/F#] [C] [D]
[G] [G] [D/F#] [C]

Sunshine, beaming down upon the
granite rocks

[D] [G] [G][D/F#] [C]

Steaming all the water from my socks

[D] [G] [D/F#][Em]

My shadow's never gonna need sun block

[C] [D] [G] [C] [D]

So, I look up to the sky (And when I do I see
the)

[V2]

Sunshine, you chase away the little clouds that
form

And dry me off after the thunderstorm

Beams of light are shining bright and warm

I look up to the sky

[Bridge]

[C] [G]

Who would've guessed that a ball of gas

[C] [D] [G]

93 million miles away

[F] [C] [C/B][G]

Could make the seasons come to pass

[A7] [D]

And turn night into day

[V3]

(I wake up early to the) Sunshine, you come
and find me in the shade of the pine

When I am pondering this life of mine

When I am searching for a higher sign

Of something sacred, something divine

I look around and everything I find

Needs the sun to shine

So, I look up to the sky

[C] [G] [C] [G] [C][D] [G]

And the Rocky Mountain sun goes sliding by
